### Avoid/Use Alternative

sertraline (generic) + trazodone (generic)

#### Avoid/Use Alternative

sertraline + trazodone

**use alternative or monitor sodium, bleeding s/sx, serotonin syndrome sx, especially during initiation/titration:** combo may incr. risk of hyponatremia, serotonin syndrome, CNS depression, psychomotor impairment, bleeding, incl. life-threatening (additive effects, antiplatelet effects augmented by inhibition of platelet serotonin uptake)

### Additional Considerations
